GOES TO CHICAGO AUG. 3
TO PROGRESSIVE MEET

Auditorium to be Scene of New
Party Convention—Colorado
Reads Taftites Out

OYSTER BAY, July 18.—Following a conference with Senator Dixon, O. K. Davis and George Perkins, Col. Roosevelt announced today that he has abandoned his plans to tour the Middle West. He had intended to visit Kansas, Michigan and Iowa and actively participate in the campaigns there.

The reason for the change in plans is the work outlined in New York in lining up the new party. The Colonel will remain in Oyster Bay until August 3, going direct from there to the Chicago Progressive Republican convention.

Roosevelt's nomination is likely on August 5th. The Auditorium, where the Republican convention was held, will be the scene of the Progressive national convention. Medill McCormick announced that he plans to defray expenses by charging an admittance of \$10 to \$20 per ticket for spectators.

Many Progressive leaders will reach Chicago in the middle of July for conferences. Colonel Roosevelt will arrive on August 3, and his nomination will probably be made on August 5.

McCormick held conferences with several leaders today. Campaign plans are believed to have been discussed.

COLORADO PROGRESSIVES READ TAFTITES OUT OF REPUBLICAN PARTY

DENVER, July 18.—Progressive Republicans of Colorado, headed by Philip B. Stewart, candidate for the nomination for Governor, yesterday read the Taft faction out of the party.

In a statement signed by Stewart and representatives of nine counties, it is charged that the Colorado machine is no longer representative of the party; Taft's nomination is declared fraudulent, and it is announced that the progressives will refuse to participate in the party convention, but will appeal to the people in the September primaries for the nomination of a full progressive state ticket and Roosevelt electors on the regular ticket.

SHAMOKIN, Pa., July 18.—A terri- fic cloudburst swept this section this afternoon with the heaviest of damage to crops and property. It is estimated the loss exceeds a million. Railroad and business property in the city is damaged.

John Taymond, a farmer living near
Barren Run, his four children and his
brother-in-law, are reported drowned.
One corpse has been recovered.

All the wires are down and details
are meagre. The loss of life may yet
be heavy. The Pittsburgh Coal Com-
pany's mines at Waverly and Eureka,
are flooded, with enormous damage.
No miners were below when the flood-
ing occurred.

POSTMASTER AT SAN DIEGO IS UNDER FIRE

Senator Works Asks Postmaster General to Give Matter
Personal Attention

BARTHOLOMEW SAID TO
BE ABUSING HIS POWER

By Discharging Employees Who
Bore Witness Against Him
In Recent Inquiry

SAN DIEGO, July 18.—The possibility of a federal investigation of the San Diego postoffice is indicated in letters to Edgar A. Luce from Senator Works concerning the manner in which postal employees are alleged as having been discharged or suspended following their testimony against Postmaster Charles Bartholomew at the inquiry recently conducted by postal inspectors.

"If these reactionary gentlemen want a fight, they'll have it," Works says in his letter, "and if they do they'll find that if it becomes necessary I am as ready and able to fight as they are. I am becoming thoroughly indignant at the whole affair."

When Works was considering the matter of the Bartholomew reappointment he was unable to get from the Postal Department a transcript of the testimony of the inspectors' hearing. But after the inquiry, Postmaster Bartholomew, Works heard, got the transcript, and was thus enabled to learn the names of those testifying against him. Concerning this, Works says in his letter to Postmaster General Hitchcock:

"I may yet be driven by the conduct of the postmaster at San Diego, apparently sustained by your department, to call for a thorough investigation into the whole matter and if I feel it is my duty to do so, I will certainly insist on an investigation. The whole treatment of these men has been so unjust that it is a matter of the utmost astonishment to me that your department will allow it to be perpetuated. Someone in your department should give the matter attention. I hope you will take personal interest enough to see that it is done."

The inquiry here was held when Bartholomew was up for reappointment, following charges that he was unfit, dictatorial, and unqualified. The examining inspectors reported favorably on Bartholomew and the appointment was made.

Bartholomew Denies Charges
SAN DIEGO, July 18.—Postmaster Bartholomew today absolutely denied the charges that he discharged employees because they testified against him in the postal inquiry. He denied possession of a transcript of that inquiry.

POSTAL AUTHORITIES FAVOR BARTHOLOMEW AGAINST WORKS

WASHINGTON, July 18.—Postal officials indicate that they will support Postmaster Bartholomew of San Diego in his fight with the employees in which the men are backed by Senator Works. Three clerks, under investigation by inspectors, will be charged with conspiracy against Bartholomew. The officials say the trouble grew out of Bartholomew's strict discipline. The inspectors' reports on the cases are expected here within a few days.

SAW SON MEET AN AWFUL DEATH

Mrs. J. C. Franklin Present
When Explosion of Gasoline
Caused Kelly's Death

BLACKSMITH TRIED
RESCUE IN VAIN

Remains Will be Brought Here
This Afternoon—Funeral
At 10 Tomorrow

Kelly Franklin, aged 28, who was burned to death in Los Angeles yesterday, was the son of Mr. and Mrs. J. C. Franklin of 710 North Main street. Details of the tragedy were not received here until last night. Yesterday afternoon when word of it was received, W. L. Innes and L. P. Hickox went to Los Angeles to be of assistance to Mrs. Franklin, who was present when the gasoline explosion occurred. She saw her son in flames.

Kelly was the only child of Mr. and Mrs. Franklin. Their other son was drowned at Newport Beach twelve years ago. He was bathing in the surf when he was taken beyond his depth and was drowned. The young man's remains will arrive here this afternoon in charge of Dr. I. D. Mills, and the funeral will be held tomorrow from the Franklin residence on North Main street.

The Los Angeles Times tells of the tragedy as follows:
Kelly Franklin, 28 years old, was burned to death in the dye works at First and State streets yesterday afternoon while his aged mother, Mrs. J. C. Franklin, looked on, horror-stricken and unable to render him any assistance.

A barrier of roaring flames and dense clouds of suffocating smoke separated mother and son. Three times Mrs. Franklin, responding to her son's cries for help, attempted to dash through the fire to the rescue, and three times was driven back. She was herself considerably burned.

Thomas Wilson, a blacksmith of No. 331 South State street, made a futile but heroic effort to rescue the young man from his horrible fate. While the mother was attempting to reach young Franklin through a door leading into a front room of their cleaning and dye establishment, Wilson rushed to the rear.

As he passed the window, which overlooked the yard, he saw young Franklin running toward it, a pillar of flame. Wilson yelled to him to jump, and dashed through the rear door in a frantic effort to reach him. Vain Heroism
He had hardly crossed the threshold, however, when a sweeping wall of flame literally threw him backwards, burning him badly. Again and again the sturdy blacksmith tried to fight his way through the caldron, but it was in vain.

By this time a second alarm had been rung in and the interior of the one-story dye works was practically a total loss. When the firemen had subdued the flames sufficiently to enter the chamber of death, they found Franklin's body kneeling at the open window, from which Wilson had tried to jump. His hands, burned to a crisp, were high above his head. One rested on the window sill, the other grasped in its death throes the wooden railing beneath the window-sill.

The clothing was entirely burned from the body, even to the slippers. The coroner was notified, and the body was removed to the John R. Paul Morgue. Sympathizing neighbors administered to the wants of the distracted mother.

Her one plea was that she be permitted to break the news to the father and husband, who is in Santa Ana. About twelve years ago they lost another son under tragic circumstances. He was drowned while swimming with a number of companions.

Franklin and his mother bought the dye works about six weeks ago. They and Miss Belter, an assistant, were the only ones in the place when the explosion occurred.

Supporters Not Even Republicans;
Prepares Reply to Telegram

WASHINGTON, July 18.—"I shant resign. The people who ask my resignation are not even Republicans." This was the only comment Senator John D. Works of California would make today upon the request for his resignation wired by his former supporters in Los Angeles, as a result of his declaration against a third party.

United States Senate.
The statement of Senator Works was printed practically in full in all the tory papers, especially the Republican papers which featured the result of the Bailey resolution criticizing the President for influencing senators in their vote on the Lorimer case. Senator Works voted for this resolution. In view of the fact that the result of the vote on the resolution was featured only in the papers which have been consistently for Taft, it is evident that, as has been asserted in these dispatches, the entire matter has been framed up with the Democrats to get the resolution passed solely for the purpose of going before the country and showing that President Taft was, in a measure, responsible for the unseating of Lorimer, rather than Colonel Roosevelt.

Was Roosevelt Victory
It was a Roosevelt victory, and while three Progressive senators, including Senator Works, voted for it, it seems certain that they did so without information as to the origin and purpose of the resolution.

PRESIDENT'S LIFE NOT IN DANGER

Story of Attempt on Taft's Life
by Infernal Machine is
Flatly Denied

STORY SAID TO BE HOAX
BY WHITE HOUSE MEN

Was Done to Haze Green Re-
porter—Report Characterized
as Absurd One

WASHINGTON, July 18.—Sherman Allen, assistant secretary to President Taft, today denied the widely circulated report that he had been burned while extinguishing the fuse of an infernal machine sent to the President.

Chief Wilkie of the secret service also branded the story of "tommyrot." The hazing of a green reporter by veteran White House men with a hoax story was responsible for the tale. At the White House, all newspapermen including the victim of the hoax, were informed that the White House refused to dignify such an absurd report by an official denial.

THE STORY AS FLASHED BY WIRES WAS AS FOLLOWS:

WASHINGTON, July 18.—An infernal machine containing enough dynamite to have destroyed the White House, was sent to the executive offices yesterday addressed to President Taft.

Had the machine exploded probably every one in the office would have been killed. As it was Sherman Allen, the assistant secretary, was hurt, and he only slightly. He received a burn on the hand when he smothered the burning fuse which greeted him when he opened the box containing the machine.

Secret service men were promptly notified of the affair and the machine was turned over to them for examination. When they had finished they reported that the machine contained six pounds of highly explosive dynamite.

President Taft never opens any of his mail or express packages, every letter or parcel passing through the hands of one or two secretaries. Assistant Secretary Allen found the package containing the infernal machine on his desk when he reached the White House yesterday. When he opened it and saw a burning fuse he was quick to act, smothering the fuse with his bare hand. As a consequence he received a slight burn but he saved his life and the lives of his fellow workers.

The matter was quickly hushed up, only a few persons knowing anything about it. The secret service men will at once begin an investigation to find out who sent the machine.

This is not the first time that an attempt has been made on the life of the President by means of an infernal machine, but it is the first time one has come so near to exploding in the executive offices.

SEA GIRT, July 18.—Governor Wil- son will tour the Pacific coast before election. This was announced today following a conference with Wilson and the new Democratic chairman, McCombs, Congressman Palmer of Pennsylvania; Committeemen Hud- speth and Davis; Congressman Bur- leston of Texas, William McAdoo and Senator O'Gorman of New York.

He will also tour Massachusetts, Connecticut, Ohio and Indiana. There will be practically no other campaign trips.

FOREST FIRE RAGES IN PLACER COUNTY— HUNDREDS FIGHT

LINCOLN, July 18.—One of the worst forest fires in the history of Placer County blazed to the east of this city last night. Hundreds of men were fighting the blaze, which at a late hour last night burned over several ranches and was still unchecked. The blaze started about a mile and a half east of Lincoln, and for a time the town was threatened with destruction.

HOSPITAL BONDS AND BRIDGE BONDS TO BE VOTED ON SATURDAY

On Saturday of this week will be held the county bond election at which the voters of this county are to decide the fate of two proposed bond issues. One proposed issue is for \$60,000 for the county hospital and almshouse and poor farm, and the other for \$100,000 for the county hospital.

Both proposals, after investigation, have been endorsed by numerous civic bodies of the county, including the Associated Chambers of Commerce. That Orange County is pursuing a back-number system of caring for its indigents is recognized by all who have any acquaintance with it. Recently a representative of the State Board of Health was in Santa Ana, and he made an examination into the system. He could hardly believe that a county like this could have gone along as it has without having provided some system for caring for the sick and indigent poor better than the one now in operation. He visited the so-called hospital at the southeast corner of Spurgeon and Fifth streets in Santa Ana, in which are gathered a number of homeless old men, some suffering from disease, and the surprise that he expressed ought to be enough to cause any ordinary citizen quickly to decide to go to the polls next Saturday and vote for the \$60,000 hospital, almshouse and poor farm bonds.

In spite of the consistent efforts of the Board of Supervisors to keep down the expenses of the care of the indigents of the county, the cost has been gradually climbing upward. Four or five years ago it was \$20,000, and the supervisors thought that was away up. Last year the total cost of the care of the indigents was \$32,927.25, which was an advance of over \$2000 over the previous year. The system has proved to be more expensive than the more humane system of hospital and poor farm, where proper care can be given.

At the present time the indigents are scattered all over the county. That makes it almost impossible for the county physician to give proper care. Those cases that are possible to be moved and need hospital care are taken to the Santa Ana Hospital, a private institution, and the bills for its service alone run over \$6500 in the year ending July 1, 1911. That same year the maintenance of the so-called hospital at the corner of Spurgeon and Fifth streets ran up to \$5726.60.

Figures from the statistical report

The fire department estimates the loss on the dye works building at \$100, and \$300 on the contents, both partially covered by insurance. The damage to a two-story building adjoining will not exceed \$25. J. McLaughlin, jeweler and optician, No. 1862 East First street, suffered about \$50 damage to his stock in moving it from the building.

Congressman Raker Gets Senate to
Advocate Giving Public Lands
in California Cases

WASHINGTON, July 18.—Surveyor General W. S. Kingsbury of California and Representative Raker yesterday succeeded in getting a favorable report from the Senate committee on public lands on the Raker Perkins bill to authorize the Interior Department to set aside public lands in California in settlement of the lieu land cases. Kingsbury left for Chicago last night.

Works is busy preparing a letter answering the attack made on him in the telegram from Los Angeles. He refuses to talk further until his letter is ready to issue to the public.

WOMEN'S POOL ROOM, OAKLAND, RAIDED

OAKLAND, July 18.—A luxuriously fitted poolroom, alleged to be operated by Mrs. A. Duncan and said to be the rendezvous of prominent Oakland society women, was raided by the police this afternoon. Mrs. Duncan and five other women, including the wife of a prominent Berkeley physician, were taken into custody.

The police say that had the raid been made later in the day, when the races are in progress, many women in high standing in Alameda county would have been found. All but Mrs. Duncan and two others were released. These are charged with wagering on horse races, and pool selling. Sensations are expected when the case comes to trial.

Automobilist Going at High
Rate of Speed Ran Into
Preston's Rig

R. P. Preston of the firm of W. H. Preston & Son, would like to have the name of an automobilist who ran his buggy down last night about 11 o'clock. Preston was returning from Orange when an automobile came up from behind and struck the buggy in which Preston was riding. Preston was thrown out and landed on his head and shoulders, receiving severe bruises.

The automobile, which was going at a high rate of speed, did not stop. Officers today are looking for some clue that may lead to the securing of information as to the identity of the driver of the machine. Preston's buggy was badly smashed up.

BIG MEETINGS BEGIN SUNDAY

Rev. Brown and Rev. Curry to
Hold Old-Fashioned Revival
at Huntington Beach

HUNTINGTON BEACH, July 18.—The annual campmeeting and encampment of the Huntington Beach Methodist Assembly, comprising the Methodists of Southern California, will open here Sunday and promises to be the greatest in the history of the Assembly.

Brown and Curry, the noted evangelists, who attracted enormous crowds to this city last summer, will again be in charge of the meetings. They are exponents of the old-fashioned Methodist religion and Evangelist Brown's diatribes against every vice from dancing to envy, which caused so much comment throughout the state last year, will again be heard. His sensational sermons attracted enormous audiences and night after night and afternoon after afternoon the big auditorium here is filled and overflowing. It is estimated that as many as five thousand persons heard his Sunday sermons last summer.

The campmeeting will begin Sunday morning at 7 o'clock, when the American flag will be run up the flagpole of the auditorium with appropriate ceremonies. At 10:30 o'clock Sunday morning, the first of Evangelist Brown's sermons will be heard and a great choir of a hundred voices, including the best church singers of every city in this section, will render the stirring hymns of the Methodist church, the singing being taken up by the great audience, until its notes are heard for blocks.

The evangelists will reach this city during the latter part of this week and rest for a few days before taking up the work of the campmeeting.

TALENTED TEACHERS ADDED TO FACULTY

Orange News: Miss Winifred Haig has been employed to teach music and drawing in our high school. Since Miss Haig comes highly recommended for her work, we shall expect a continuation of the high standard set by Miss Shropshire. She will be especially helpful to the orchestra since she leads on the violin. Miss Haig has had complete charge of the music in the schools of Waterloo, Iowa, for the past year, and was re-elected for the coming year.

Mr. Claud F. Peck will take charge of the physics and chemistry. The physics will practically continue in the same way as heretofore but a greater emphasis will be laid on the chemistry. Mr. Peck will make the chemistry practical by making it largely industrial. For the boys he will lay especial emphasis on the chemistry of many of our common commodities, and for the girls he will take up the chemistry of foods.

Mr. Peck comes fully prepared to do this work since he spent three years as an industrial chemist for Park, Davis & Co., Detroit; two years for the Toledo Pharmacal Company; one year for the Great West Sugar Company, and has taught four and one-half years in an industrial school in Denver.

Situated

Can there be any stronger proof offered than the evidence of Santa Ana residents? After you have read the following, quietly answer the question:

William Thursty, 417 E. Walnut St., Santa Ana, Cal., says: "Off and on for years I was bothered by my back and kidneys. To stoop or walk a little distance made the dull, heavy ache in my back more severe and my rest was badly broken. Further evidence of fault with my kidneys was shown by heavy sediment in the kidney secretions. Reading about Doan's Kidney Pills, I got a box at Dean's Drug Store (now Wheeler & Mateer's Drug Store) and soon after I commenced their use, I noticed improvement. My back became strong and free from pain and the difficulty with the kidney secretions was corrected." (Statement given March 8, 1907.)

On August 16, 1909, Mr. Thursty was interviewed and he said: "I have not changed my opinion of Doan's Kidney Pills since I recommended them over two years ago. Modern Homes As Built by "Home
Builders," the Big Los Angeles
Concern.

The Santa Ana branch office, 310 Orange avenue, is again offering floor plan folders free to all who enquire. These folders are of great interest to the home builder or home owner, as they show the arrangement of 50 modern bungalows as built by "Home Builders," the large Los Angeles Building Company.

This company has been one of the most successful companies in Southern California. It has many stockholders in and about this city, and each month sees the number greatly increased. Established as it is on co-

operative lines, each stockholder participates in the large profits, and wholesale home building in a fast growing city like Los Angeles is bound to be profitable. "Home Builders" has the proud distinction of having ten building contracts offered it for every one it has money to build and finance.

This great building activity besides being profitable, develops many splendid types of homes, and this folder shows the floor arrangement of many such.

Have one while they are offered free.

SCORES OF INTERESTING CONTESTS ARE ARRANGED FOR COUNTY Y.M.C.A. CAMP

Monday evening the leaders of the County Y.M.C.A. camp met and decided upon many points in connection with the camp. Chief among these was the system of honor tests to determine which campers should receive the honor emblems, pennants and fobs.

From the great variety of occupations listed, all designed to keep boys busy and happy at camp, it can readily be seen why so many boys enjoy camp, and why parents believe it to be a good place for their boys to spend their vacations.

Camp circulars and information may be obtained from Martin Warren at the postoffice, or from R. J. Hamilton, Y.M.C.A. secretary.

The following is the list of the honors and awards at the camp.

Athletics—64 points possible. Make any of the athletic records as given on page 320 of the Boy Scout Handbook; one point for each.

Win a ribbon in the track and field meet, baseball, indoor ball, or quito. Two points for each blue and one for each red ribbon.

Medley race—Walk 100 yards, run 100 yards, row 100 yards and swim 100 yards in a certain time. From two to five points.

Go on a camp hike. From two to five points.

Walk to Avalon, 15 points. Cleanliness and proper eating, two to five points.

Give a five minute talk on care of the health, two to five points. Aquatics—60 points possible.

Any aquatic record given on page 320 of Boy Scout Handbook, not counted under athletics, one point for each.

Swim on back, from ten yards up, one to five points.

Swim from 20 yards up, from one to five points.

Swim to White Rock and back, ten points.

Dive satisfactorily, one point. Row one mile in 4½ minutes, three points.

Win an aquatic honor, from one to twenty points.

Swim 50 yards with clothes on (shirt, loose trousers and shoes as minimum), two to five points.

Demonstrate on land five methods of release, two points.

Demonstrate in the water two methods of release, two points.

Demonstrate the Schaefer method of resuscitation (prone pressure).

Win a ribbon in rowing or aquatics tournament, two for blue, one for red.

Row 100 yards in a given time.

Woodcraft and Nature Study—23 points possible.

Name and identify 20 shells, fish, birds, or trees, five points.

Collect and mount 15 varieties of insects, shells, wild flowers, or locate five stars and constellations or more, two to five points.

Photograph a wild animal, bird or fish in its native surroundings.

Draw a map of camp and surrounding territory, 80 per cent correct, two points.

Make a bow and arrow that will shoot 100 feet, two points.

Find the north by means of the stars, one point.

Campcraft—Points possible. Go on an overnight hike, three points.

Cook on own fire a satisfactory camp dish.

Find the direction by means of a watch.

Tell the time by means of the sun.

Start a fire without matches. Tell correct height of a tree without climbing it.

Catch a fish. Catch the largest fish caught at camp.

Solve some surveying problem. Scoutcraft—Qualify as a tenderfoot.

Tie and untie eight standard knots. Box the compass.

Teach some scouting game. Do a good turn every day at camp and hand in list of same.

Pass life saving examination. Pass examination in First Aid.

Demonstrate coat and blanket litter, also fireman's lift.

Splice and whip rope. Learn and use the Wig-wag code.

Read and tell about chapters 5 and 6 of Boy Scout Handbook.

Qualify in any of the Scout tests on pages 16, 17 or 18 of the Handbook.

Camp Construction: Make a piece of camp furniture from one or more boxes.

Make a sundial or camp clock. Make something useful for the camp or a tent.

Make an arrangement to start fire without matches and start same.

Make a kite and send a message to some peak.

Make an arrangement to determine latitude and find same.

Camp Entertainments: Furnish a dramatic or literary part in campfire program.

Furnish a musical part for campfire program.

Compose a yell or song for the camp.

Be able to give three or more bugle calls.

Teach another at least three bugle calls.

General camp honors and awards: The Camp Monogram—To those

Theodore Roosevelt in His Speech at the Dedication of the Roosevelt Dam Said—"I Want to See Thousands of People Come Here."

The great Roosevelt Dam, the United States Government great irrigation project recently completed, is the never-failing water supply of Chandler Ranch. In ten years, the government will turn the entire system with its wonderful capacity for the development of electrical power over to the ranchers of the valley. The land owners will then receive snug dividends from the sale of electrical power, which will amount to more than enough to pay all water costs. Best Alfalfa and Citrus Land in the U. S. \$100 Per Acre--10 Years' Time

The greatest testimonial we can offer for Chandler Ranch is the fact that over three quarters of a million dollars' worth of lands have been sold to practical California ranchers and fruit growers during the past few months.

Frank B. Smith, a California rancher, who purchased alfalfa land on Chandler Ranch in Feb. of this year, has already made 65% profit on his alfalfa in less than 90 days. Write or call for booklets on alfalfa, dairying, citrus fruits, ostrich farming, stock raising, deciduous fruits, dates, figs, etc. Special low excursion rates from Los Angeles to Chandler Ranch four days each week.

MORE GOOD LEGISLATIVE CANDIDATES

The Register is pleased to commend the action of the Taft Republicans in this county in choosing C. C. Chapman and A. W. Rutan as their candidates for nomination for state senator and assemblyman, respectively. Like the Roosevelt Republicans they have put up good, clean, able men, thus assuring this senatorial district and this assembly district creditable representation in the legislature, whether the Tafters or the Roosevelt voters win the nominations.

And whichever side wins, it will be a clear-cut Taft or Roosevelt victory, for none of the candidates is personally so weak or so strong, in comparison with his competitor, as to lose many of his own party's votes or gain many of the opposition's votes, on that account. In other words, none of the candidates is likely to win or lose, except as Taft or Roosevelt wins or loses.

We believe the campaign ought to be and will be made strictly on the national issue—that is, that the candidates should run primarily as candidates for delegates to the state convention which will nominate presidential electors, rather than as candidates for the legislature. They are all clean, able, honest men, good Republicans, good protectionists, satisfactory to all Republicans as legislative candidates.

But as candidates for delegates to the state convention Messrs. Chapman and Rutan represent and stand for the political outrage of the Chicago convention, and Messrs. Anderson and Weisel stand for a protest against that outrage. The Taft candidates, whatever their personal views may be, stand for rule by the bosses, and the Roosevelt candidates stand for rule by the people. There is no escaping this distinction, however unpleasant it may be to feel in duty bound to draw it as between friends and neighbors and fellow-citizens. A vote for either of the Taft legislative candidates, however much it may be deserved on the basis of personal popularity, good citizenship or other laudable attribute, is a vote of endorsement of the disenfranchisement of California and Washington and Texas and Alabama and other states by the repudiated Republican national committee at the Chicago convention. A vote for either of the Roosevelt legislative candidates is a vote of protest against that outrage, a vote for popular government, a vote for true democracy.

NEXT SATURDAY'S BONDS ELECTION

In another part of this paper is published an editorial-news summary of the situation which led to the calling of an election to vote on a bonds proposition, or two of them, for bridges and county farm and hospital.

There is no active opposition to either proposition—that is, no reasons are offered why the bonds should not be voted; no expression of opposition comes from any newspaper or individual; the desirability and economy, even the absolute necessity for the improvements to be provided for by the bonds seem to be unanimously conceded.

But it takes a two-thirds majority to carry a bonds proposition; and there is always a considerable adverse vote, often much larger than is indicated by any pre-election expression. Such unexpectedly large vote may be cast against the bonds at next Saturday's election, and it therefore becomes an important duty for all progressive, enterprising citizens to go to the polls and vote for the bonds—both issues.

NAMING THE ELECTORS

There is no reason why there should be the slightest confusion or misunderstanding as to the details of the methods prescribed by the law of this state to be pursued in the choice of presidential electors. The Taft followers stole two of California's seats in the Republican national convention, but, nevertheless they will be given an absolutely fair chance to name presidential electors in Taft's interest.

If they have the votes they can name the entire group. They will take part in the impending contest on exactly the same terms and under the same conditions as will Roosevelt's supporters. They represent a bad cause that has been upheld by criminal tactics, but there will be no reprisals on them by the Progressives. If they have the votes they can nominate the electors.

Under the law of this state the

presidential electors of the several parties will be named by the legislative nominees of each party. The candidates for the legislature nominated at the September primaries by the Democrats will constitute a state convention that will prepare a platform and name electors pledged to vote for the Democratic candidate. Fraud was not practiced at the Baltimore convention and the action of that convention is not open to impeachment as invalid. Hence, while thousands of individual Democrats may refuse and are refusing to vote for Wilson, there is no occasion why the Democratic candidates for the legislature should pledge the Democratic candidates for electors to any other candidate.

The Republican party is differently circumstanced. Its national convention was seized by crooks who committed the crime of organizing it in fraud. They nullified the will of the rank and file of the party and substituted their own choice for that of the people. The candidate named by that so-called convention has no rightful claim to be designated as the nominee of the Republican party. He is the nominee of a group of political banditti who themselves had already been repudiated by one party in their several states.

The national convention was not a convention representative of the Republican party and its candidate has no just claim on the allegiance of the members of that party. To hold otherwise would be to hold that crime has but to be successful to be justified and that the owner of property that has been stolen by a thief is bound to acquiesce in the theft after the illegitimate transfer of the property has been completed and is estopped from making any effort to right his wrong.

Theodore Roosevelt is a candidate for the presidency. It was the will of the Republican party that he should be named as its candidate. By the crime of the bosses Taft was nominated and the people's will defied. It is proposed in California to punish that crime, correct that injustice and take away from the White House receiver of stolen goods the stolen goods he received.

In every legislative district of this state the Progressives will name a candidate who favors Roosevelt's candidacy. The reactionaries have exactly the same privilege of naming candidates who favor Taft. As the law now stands the fight must be made within what the state still recognizes as the Republican party. When the primaries are held in September all who are registered as Republicans and who support Roosevelt will vote for legislative candidates who favor his candidacy. All who support Taft, if there are any who support Taft, will vote for legislative candidates favoring Taft, provided there are any candidates for the legislature willing to occupy so ignominious a position.

The candidates who are nominated for the legislature will choose the candidates for electors. If the Roosevelt men name a majority of the legislative candidates all the electors will be pledged to vote for Roosevelt. If a majority of the legislative candidates nominated are Taft men they will name all the electors and pledge them to Taft. Nothing could be fairer. There will be a fair field to all and favor to none. The majority will determine the result in California even though its choice was nullified by crime in Chicago.—Los Angeles Express.

ENLIGHTENED SELFISHNESS

Under this title, the Philadelphia North American discusses the work of the Equitable Life Assurance Society for the conservation of life and health. After commenting on the loss of 1600 human beings in the wreck of the Titanic and contrasting this loss with the certain loss of 9000 lives every year in Philadelphia through preventable diseases, the North American says: "The business of the equitable Life Assurance Society is to insure lives. Higher death-rate means loss of revenue and reduction of profits. So, with enlightened selfishness, the Equitable is endeavoring to stimulate interest in the problems of health and sanitation. The Equitable wants people to avoid illness and to enjoy length of days. With the Equitable, it isn't merely a humane interest. It is strictly business. To the Equitable, saving lives means saving money, and yet this is not any more true of a life-insurance society than it is of the community. Every life has a money value to society. A definite economic loss is suffered every time an individual, who might have been saved, dies. A city is rated according to the number of its citizens willing and able to make a living. . . . The enlightened selfishness of powerful financial interests like the Equitable is a hopeful sign. . . . There is no influence that holds out more hope for progress than enlightened selfishness." The Journal of the American Medical Association thinks that the North American is right. It is the economic appeal of the health conservation movement which is encouraging. Purely moral causes win support slowly. But a cause which is both moral and economic cannot fail to win, as soon as these two facts are recognized.

WHY NOT TAFT?

(From the Fresno Republican.)

Several over-anxious contemporaries pretend to wonder why the Republican's recent editorial on "Why Not Wilson?" and "Why Not Hadley?" were not followed by a third on "Why Not Taft?"

The answer is of course that it is superfluous. All the editorials, not merely in the Republican, but in nine-tenths of the newspapers in the United States, were arguments "Why Not Taft?" Every street-corner conversation, every primary vote, every development of the confused situation, was an additional answer to the question, "Why Not Taft?" In fact, in these times of confusion, this is the one question on which the American people seem to be agreed.

However, if anyone is interested in a hasty summary of a few of the more obvious reasons, here it is: "Not Taft," because

He is not the Republican nominee, and therefore there is no obligation of party loyalty to support him. Those who stole for him the alleged nomination at Chicago thereby first discredited and then disrupted the Republican party.

By his own active interference and published exhortations to grab the Ohio delegates, by manipulating the state convention after the people had voted against him, he demonstrated his personal approval of the methods then and subsequently used in his behalf.

He has consorted with and erected into power those who were committing his party and the government to the domination of special privilege, and he has fought and ostracized those who were seeking to restore the party and the government to the control of the people.

He is a failure as an administrator and as a leader; a pitiful blunderer as a judge of men and a bewildered incompetent in his perceptions of popular movements.

He entered office under false pretenses, and now for the first time has been forced to appear in his true colors.

He does not believe in government by the people, and is violently hostile to those who do. His election (in the unthinkable event of that being possible) would condone dishonesty, enthrone reactionism, blind tight the fetters for a political machine, discredit progress, and hasten revolution.

The mere acceptance of his nomination as "regular," leaving therefore no alternative but to vote for him or bolt, might permit him to carry enough states to keep the present division alive and to equip those on the wrong side of them with the inherited mechanism of the Republican party. His practically unanimous defeat will clear the ground of the rubbish of the machine, and allow a clean field for rational alignments next time.

And, finally, the American people have demonstrated that they do not want Taft, and their will is supreme. This is not the whole case. In fact, it is little more than the most immediate and superficial aspect of it. But it constitutes reason enough for the question, which the instinct of the American people had already answered anyway—

"Why Not Taft?"

Doubtful Economy.
Hans Schmidt, proprietor of a western Minnesota sawmill, used for fuel the sawdust from the lumber. It cost him nothing, but it kept four men busy shoveling it. Recently he was persuaded to put in new equipment which would reduce the amount of fuel one half.

After the machinery had been installed the agent called, expecting to be congratulated. But the German eyed him gloomily.
"What's the matter, Mr. Schmidt? Doesn't the new plant do all I claimed?" he asked.
"Ya, but I overlooks somethings," replied Hans.
"What was that?"
"Well, it takes only two men to handle the fuel, but it takes six under two men to haul away what we don't use, and a team, besides."—Hamp-ton's.

ASSASSIN HUNT

GROWS EXCITING

Confessions Expected That May Involve Scores of "Higher-Ups" in Rosenthal Murder

NEW YORK, July 18.—With the police expecting before night confessions involving perhaps a score of well known persons, the hunt in the Rosenthal murder grew exciting this afternoon. Jack Rose sought the police today and admitted that he hired the automobile used by the murderers. Inspector Hughes declared that Rose would be arrested later, and charged with homicide. The police believe Rose appeared at the behest of Lieutenant Becker, who, it is rumored, was Rosenthal's partner in his gambling games and before whose house a woman testified she saw the death automobile standing.

Later it was reported that Rose was produced upon a direct order of Mayor Gaynor to Lieut. Becker. District Attorney Whitman examined him for two hours. E. Shapiro, the other man held by the police as the chauffeur, declared that while the murderers were escaping he attempted to delay their flight. One man, he declared said to him: "Get away quick. The cops are fixed. They know this is being pulled off. Everything is arranged for a clean get-away."

STATE SOCIETIES PLAN TO BUILD AT COST OF MILLION

LOS ANGELES, July 18.—A meeting of a special committee of the Federation of State and Provincial Organizations will be held in Taft Hall of the Walker Theater building, Friday evening, July 26. At that time the plans and offers which have been submitted in connection with the proposed \$1,000,000 building will be gone over.

In the associated societies interested in the project, there are 500,000 persons, there being more than seventy state and provincial associations.

ICEBERGS SEEN IN NORTHERLY OCEAN LANES NOW IN USE

WASHINGTON, July 18.—Despite repeated warnings of the presence of ice issued by the naval hydrographic office, many liners have returned to the more northerly course abandoned by steamships following the loss of the Titanic.

Within the last twenty-four hours two large bergs have been reported by the Oceanic and one by the Laconia. The Oceanic reported bergs thirty feet long and twenty feet high. Reports received by the navy department states there is a great deal of ice between latitudes 46 and 50.

FRANCE BOOSTS THE BIRTH RATE

Builds Flats Where Birth of Baby Frees Tenant From Quarter's Rent

PARIS, July 18.—Flats in which the birth of a baby frees the tenant from payment of rent for the quarter following is an experiment in workmen's housing which is to be started in Paris, where the difficulty of lodging workmen with large families stands in close relation to the vital question of depopulation in France.

This experiment for encouraging large families will be tried with four blocks of workmen's flats built by Charles Stern at Vincennes, an eastern suburb of Paris. The blocks consist of two, three and four-roomed flats at rents respectively of \$50, \$65 and \$80 a year.

A Quick Retort.
References to Jonah and the whale recall an instance in which a Salvation Army lassie scored off a theological heckler.

"Do you really believe," he asked, "that Jonah spent three days and nights in the belly of a whale?"
"I don't know," replied the lady of the poke bonnet; "I'll ask him when I get to heaven."

"But supposing he isn't there?"
Quick as thought came her reply: "Then you can ask him."

MEXICAN ARMED

REVOLT IS ENDED

Orozco's Forces to Evacuate Juarez; Orozco Anxious to Flee to United States

JUAREZ, Mexico, July 18.—Reports are current that Orozco's forces will evacuate this city within forty-eight hours. New headquarters will be at Casas Grandes.

Revolution at an End
EL PASO, Tex., July 18.—Organized revolution in Mexico ended yesterday, when General Antonio Rojas took his army of more than 2000 from Madera into Sonora and General Ynes Salazar in disgust left Juarez for Casas Grandes to gather his men together and invade Sonora on an independent campaign.

In Juarez General Pascual Orozco lingers without an army and around Torreón General Arguemedo operates a distinct body of fighters. General Emilio Campa, imprisoned by General Rojas, was released yesterday under the condition that Campa would take his 500 men from Madera.

In Juarez there is a rebel legislature without jurisdiction and a rebel government without authority. General Orozco in despair yesterday was authentically reported to have made an attempt to escape to the American side and brave prosecution to escape emissaries of General Rojas, who are said to be seeking his life.

Sonora is invaded by looters rather than rebels. Before leaving Madera General Rojas commanded all the horses of the Parson company, all the pack mules of the Dolores Mining company and all the food in the stores of the town. He has left the people without food.

70-YEAR-OLD U. S. OFFICIAL TOURS EUROPE ON BIKE

WASHINGTON, July 18.—Second Assistant Secretary of State Alvey A. Adee returned to his office the other day, after his annual bicycle tour in Europe. For many years Adee has spent several weeks in the spring and summer riding through England and the continent.

This year he traveled nearly 1800 miles on his bicycle, his itinerary covering a large loop which began and ended at Harve, Consul General and Mrs. Thacker, stationed at Berlin, accompanied Adee through a great part of his trip.

Adee says he is in the best of health. He will be 70 years old in November.

FOREST PRESERVE MAY BE USED AS GAME PRESERVE

LOS ANGELES, July 18.—The Chamber of Commerce yesterday received a communication from John J. Jones, 751 Madison avenue, originator of the San Gabriel Forest Reserve, asking co-operation in the movement to convert the range into an immense game preserve, pleasure ground and sites for museums, schools of art and natural history. Jones declared that President Taft favored the plan.

HOSTESS AT TWO EVENTS

Miss Hossler Gives Announcement Party For Friend Yesterday—Card Party Tuesday

Miss Hutoqua Hossler was the hostess at two charming functions at her home on Parton street this week. The affair given yesterday was in honor of Miss Iva Miller, whose engagement to William A. McFadden was announced during the afternoon.

Shasta daisies and ferns were employed throughout in house decorations, and a suggestion of the same pretty flower was carried out in the arrangement of the yellow nut baskets and white mints on the small tables where a delicious collation was served, while a golden light fell from the yellow-shaded candles. The surprise of the afternoon came when the envelope-enclosed place cards were opened, disclosing two cards bearing the names of the honoree and her fiancée which were tied with white ribbon to another card on which was engraved the word "Betrothed."

Mrs. William Malone held high score in the whist games played during the afternoon, thereby capturing the first prize, a dainty boudoir cap, and Mrs. Harold Gillman of Los Angeles was awarded a yellow ribbon rose in consolation.

Miss Hossler entertained on the previous evening with whist as the form of amusement, there being five tables of players. The decorations were much the same as those used on Wednesday.

Mrs. Roy Peterson was the fortunate winner of the first prize, which proved to be a brass bon bon dish filled with candy, while the consolation, a dainty apron, was won by Mrs. Raymond Miles.

Miss Hossler was assisted in her duties as hostess, at both pretty events, by Mrs. Clarence Tedford and Mrs. Ray Wilson.

For Friends From North
Mr. and Mrs. George Edgar informally entertained a number of their out-of-town friends last evening at their home on the corner of Orange and Chestnut avenues. Music and conversation whiled away the evening hours and delicious refreshments were served. Those who participated in the delightful evening were Mr. and Mrs. Waldo Chase of Los Angeles and their guests, Mr. and Mrs. N. Damuth and Miss Minnie Damuth of Oakland.

Good News! If Your Feet HURT You need not suffer any longer, because positive correction and relief is guaranteed you at little cost. So-called "rheumatism of the feet," aching and throbbing pains in the arch or instep, often extending to calf muscles of the legs, after little walking or standing you feel "all in," or "tired out;" sometimes heels ache and throb, ankles are puffed and weak; toes cramp; you feel terrible. I guarantee to correct these troubles. Bunions successfully treated and corns removed without pain.

INTERESTING WEDDING

Well Known Young People of This City Married Last Night at Church of Messiah

Miss Lura Marie Sheats and Fred Wilkes were united in holy matrimony last night at 8:30 o'clock by Rev. Mr. Woodford of Orange, the wedding taking place in the Church of the Messiah in this city. The impressive ring ceremony of the Episcopal church was used, the bride's father, C. W. Sheats, giving his daughter away.

Miss Josephine Wilkes, sister of the groom, attended the bride and Harold Leiby, the cousin of the bride, was best man. The ceremony was pronounced in the presence of only near relatives of the two principals, making the wedding a quiet one.

The charming, petite bride was attired in an elegant white satin with overdress of white lace, the dainty costume being completed by a shower bouquet of white carnations and maidenhair ferns. Miss Wilkes, the winsome bridesmaid, was gowned in pink messaline silk with overdress of white marquisette.

After the vows had been taken and first congratulations uttered, the bridal party motored to the home of the bride's parents, Mr. and Mrs. C. W. Sheats, 1327 North Bush street. The rooms were most inviting with decorations of royal Shasta daisies and ferns. The same lovely flowers and greenery were combined with carnations in the decorations of the tables whereon a wedding collation of delicious dainties was served. Covers were laid for twenty-four guests, among whom was Mrs. George Peabody, who arrived yesterday in time to be present at her brother's wedding.

The many wedding gifts received by Mr. and Mrs. Wilkes were beautiful and costly consisting largely of sterling silver, cut glass and linen.

The bride's bouquet, tossed at random, was caught by her bridesmaid, Miss Wilkes. Following the wedding supper and the good-byes, the bride and groom left for Los Angeles from where they went to Catalina for a week's sojourn at that lovely island in the sea. On returning, they will reside at the Sheats' home for some time, before establishing a home of their own.

Mrs. Wilkes is a most admired young woman of clever attainments and has been successful in a high degree in her professional work, having been principal for the past two years of the Myford school. Prior to teaching she graduated from Santa Ana High School, University of California, and completed a teaching course at Los Angeles Normal School.

Mr. Wilkes is of the well-known J. A. Wilkes family, in which he is the youngest son. He has been successful in ranching, having acquired several ranch properties.

To both will be extended cordial good wishes and sincere congratulations.

Brotherhood Dance
Tomorrow evening the Fraternal Brotherhood will give its regular monthly dance. The committee has secured the best of music and a good time is assured to all who attend.

Traveler's Return Honored
Mrs. John W. Tubbs entertained at her home on Bush street yesterday with a 1 o'clock luncheon in compliment to Mrs. W. L. Tubbs, who recently returned from an extended visit in the East. White carnations and ferns were attractively arranged as a centerpiece for the table at which covers were laid for fourteen guests.

The remainder of the afternoon was spent with needlework and conversation.

BETTER TRAIN SERVICE NEED

Santa Fe and P. E. Are to be Interviewed—Excursion to Balboa on 24th

The Santa Ana Chamber of Commerce is making efforts to get better train service on the Santa Fe for El Toro and San Juan Capistrano, and better service between Santa Ana and Balboa on the P. E.

Residents of El Toro and San Juan Capistrano who come here for a day's shopping arrive at 11:45 a. m. and have to leave at 2:19 p. m., which gives them little time here. The transportation committee will try to get the Santa Fe to allow the flyer, which leaves south bound at 4:03 p. m., to stop at the two stations.

At present there are no through cars on the P. E. from Santa Ana to Balboa and many passengers have difficulty in getting aboard crowded cars at Huntington Beach, the transfer point. Through cars are needed. Secretary Metzgar was instructed to take the matter up with the P. E.

A committee was asked to make a report upon the request of L. M. Hartwick and Prof. Durfee of Orange to get the Chamber of Commerce to join in the effort to secure \$25,000 for the P. E. right-of-way.

It was decided to have a Chamber of Commerce excursion to Balboa on July 24, to give Santa Anans an opportunity to see Newport Bay.

BOARD CHAIRMAN MARRIED YESTERDAY

Thomas B. Talbert of Huntington Beach, chairman of the Board of Supervisors, was married yesterday at Compton to Miss Margaret E. Crum of that place. Talbert is one of the best known and most popular men of the county. The bride has been teacher of languages in the Huntington Beach Union High School for two or three years, and is very popular at the beach city.

REAL VALUE OF TUBERCULOSIS CURE

Substantial progress in the anti-tuberculosis campaign will be reported when the National Association for the Study and Prevention of Tuberculosis meets in Washington on May 30 and 31. Dr. Mazzyk P. Ravenel, of the University of Wisconsin, is president of the association, and Col. Theodore Roosevelt and Sir William Osler are honorary vice presidents.

One of the subjects that will receive especial attention at the meeting will be that of the permanent value of the cure of tuberculosis in restoring patients to working efficiency. Dr. Herbert M. King of the Loomis Sanatorium, Liberty, N. Y., will discuss the subject from the point of view of sanatorium treatment. Dr. H. R. M. Landis, director of the clinical department of the Henry Phipps Institute of Philadelphia will present the results of dispensary treatment. Dr. W. J. Vogeler of Yonkers, N. Y., will show how discharged sanatorium patients fare best when they return to work in the original occupation.

Prof. Irving Fisher of Yale University will present revised figures as to the cost of tuberculosis, and will show the economic loss from the disease and the value of sanatorium treatment in offsetting this loss to some extent.

Another subject of importance will be that discussed at the meeting of the Advisory Council, on the relative functions of the health officer, the physician, and the layman in the campaign against tuberculosis. Representative speakers in each of these groups will discuss the subject.

The chairman of the Clinical Section of the association is Dr. Charles L. Minor, Asheville, N. C.; of the Pathological Section, Dr. William H. Park, of the New York City Department of Health; of the Sociological Section, Mr. Frederick L. Hoffman, Newark, N. J., and of the Advisory Council, Dr. Charles O. Probst, Columbus, Ohio.

GIRL SLAYER KILLED SELF

Nathan Swartz Suicides After Father Advises Him to Such Action

NEW YORK, July 18.—With the hose from an open gas jet tied to his mouth with a handkerchief, the body of Nathan Swartz, whose father confessed that the boy was the murderer of Julia Connors, aged 13, has been found in a tenement house.

A note beside the boy's body, admitted the crime, and stated that the boy fulfilled his father's instructions, following the lad's confession, to kill himself. The note read:

"This is only to dear mother who I am always homesick for. The same to the rest and to pa whose word I am taking in doing this which I figure is the best way. My last job was at the Pocketbook Manufacturing Co. He owes for two days work. Please secure it and give it to mother, who is very poor. I am sorry to cause so much trouble to the neighbor, but all he'll have to do is to call a cop. Tell mother again, I am guilty so she will not cry her eyes and heart out. I know she thinks I am innocent. I am sorry I done it, but I got crazy as I often do. You can't blame me or no one. Nathan Swartz."

Penciled on Swartz' collar was the confession "I'm guilty. I'm insane. It was because of my beautiful makeup of women that has set me very passionate. I felt sorry just two minutes after I had done it. Don't cry for me."

CRAVATH'S BATTING DEFEATED CHICAGO

Cravath is making another great record in the East for heavy batting. In a game yesterday between Chicago and Philadelphia, he won the game by terrific stick-work. Out of three times to the bat he got a three-base hit and a home run. His team, Philadelphia, defeated Chicago by a 6 to 5 score. Cravath's performances are watched with keen interest by his father, A. K. Cravath, Santa Ana and the young ball player's many friends here.

SPANISH GIRL BURNED, DIES

Threw Coal Oil or Gasoline Into Stove, and Caused Fatal Explosion

Mary Corales, aged 12, was burned to death at a sugar beet laborer's camp on Ed. Harmon's ranch near the Santa Ana race track. The girl was cooking in the open, using a big oil can as a stove. She threw some coal oil or gasoline into the fire. Some of the witnesses examined by Coroner Winbiger said it was coal oil, but one or two thought it was gasoline.

There was an explosion and the girl was enveloped in flame. While the fire burns from which she died in about an hour. Her parents were employed in the beet field and camp.

FRUIT PLENTIFUL IN LOS ANGELES

Satsumas and Other Varieties
of Plums of Superior Kind
Are Inexpensive

Los Angeles Examiner: With the arrival of satsuma plums in the retail markets of the city yesterday afternoon, practically all varieties of plums grown in and around Los Angeles are now on sale.

The Los Angeles plum market is one of the best in the United States, not only because of the superior quality and flavor of the fruit, but because of the many varieties. Plums are shipped to the Eastern markets when they are green and ripened en route. Los Angeles gets them already ripened, as they are grown near the city.

Plums are now cheaper in Los Angeles than they were last year at this time. The present supply is excellent for making preserves and jams.

Satsumas are rather high now, but probably for only a couple of days. They bring ten cents a pound at present.

Here are the prices of different varieties of plums now on the market: Green gages, 5 cents a pound and two

pounds for 15 cents; Burbanks, Tragedy, Cherry, and Duane plums, 2 pounds for 15 cents; San Jose plums, 10 cents a pound.

REDLANDS HAS HAD SOME GENUINELY HOT WEATHER

REDLANDS, July 18.—Redlands has been getting the first touch of real summer weather the past two days. Two days ago the temperature touched the 100 mark for the first time this year. Yesterday it dropped to 94, but there was considerable moisture and indications of rain. For a few moments there was a light sprinkle, but the clouds soon passed to the mountains.

MINERS ADOPT NEW AMENDMENT

Will Permit Local Unions to
Make Long Time Contracts
With Employers

CRIPPLE CREEK, Colo., July 18.—By an almost unanimous vote, the Western Federation of Miners, in convention at Victor yesterday, decided that local unions could make long time contracts. The motion was in the form of an amendment to the constitution.

The action was precipitated by a discussion of the Butte, Mont., union, making a three-year wage contract. Fraternal delegates from the United Mine Workers, present by invitation, explained to the convention the methods they used for organizing coal companies. They suggested the consolidation of the Federation and the Workers but no official proposition was offered.

A resolution was adopted to prevent Federation miners from working in mines where water is not provided for watering holes while drilling.

The flag question, which caused a heated debate yesterday, was settled today when the American flag that waved over the bull pen in the strike of 1904, was purchased and draped over the president's chair.

CLOTHIERS TEAM
IS A GOOD BUNCH

The Harris and Frank Baseball Club that visit Santa Ana next Sunday is playing excellent ball. That noisy manager, Tobey, will sure be on the lines and the fans should enjoy this game next Sunday. The Clothiers have added several new players to their club and are now a hard club to beat.

Pina or Gray will pitch for the Clothiers.

Tobey will likely play center field. He got three two-base hits when the Clothiers were here several weeks ago.

The Harris and Frank ball team is composed of a very gentlemanly bunch of ball players. They are a credit to the game, and under the management of an old head are a hard club to beat.

Hill's Corner

213 East Fourth St., Santa Ana.

Our purpose in occupying this corner was, and still is, to let the people know that "we are on the map" and that we have some things to sell. That's what we bought the things for, and we have about the biggest stock that we have ever carried of Wood and Coal Cook Stoves and Ranges, Gasoline Stoves and Oil Stoves, Gas Stoves, Corrugated Iron Roofing, Rubberoid Roofing and several kinds of cheaper roofing material.

Our stock of Plumbing Goods is the most complete of any in the county.

Our stock of General Hardware is the largest that is carried in Southern California outside of Los Angeles and we can meet any prices made on this coast because it costs us less to handle the goods than the goods can be handled for in the larger cities.

LOS ANGELES PRODUCE MARKET
Butter advanced 1 cent on the produce exchange yesterday. Eastern eggs were weak and local eggs were steady at quotations. Cheese was steady.

There has been a great deal of complaint for several days on account of the Japanese gardeners short weighing. This practice is strictly against the law and prosecutions may result. The practice has been on the Japanese or cheap market to short weigh and put good berries on the top and inferior berries on the bottom. The American Market, Sixth and Alameda streets, has become disgusted with this practice and announces it will put it down if the authorities will not.

Receipts of fruit yesterday were eighteen carloads, including three of peaches, one of nectarines and the remainder various varieties. The market in general was steady, with prices about the same as Tuesday.

Receipts of the leading produce staples were: Eggs, 351 cases; butter, 35,536 pounds; cheese, 1093 pounds; beans, six sacks.

IS SUSPENDED BY AERO CLUB

Martin May be Prevented From
Flying in the Big Chicago
Meet in August

Aviators Put Under Ban Until
December for Flying at
Boston

Glenn L. Martin, the Santa Ana aviator, has been suspended by the Aero Club of America. Other aviators are in the same fix. The reason for the action is that the aviators took part in the Boston meet that was held about July 4, which meet was not licensed by the Aero Club.

Just what the effect will be is hard to calculate. Undoubtedly an effort will be made to get the ban lifted so that the aviators can take part in the Chicago meet in August, where \$100,000 will be put up as prizes. Martin has a new machine in the East with him, that he expected to fly at that meet.

Martin was one of the two big stars of the Boston meet. He and Beachey furnished a large share of the thrills, and Martin made good in every sense of the word.

The Los Angeles Examiner has the following:

Because they participated in an unlicensed tournament recently in Boston, three Los Angeles aviators, Lincoln Beachey, Glenn Martin and Farman Fish, yesterday were placed under the ban by the Aero Club of America. Other aviators who also lost their licenses were C. K. Hamilton, P. W. Page, Paul Peck, Arch Freeman and T. J. Terrill, all of whom have gained prominence in the East.

The suspension of the aviators holds until December 31 and this will prevent them from participating in the big Chicago tournament as well as others of importance. The aviators estimate that they will lose thousands of dollars by the suspension and several, it is said, will make a determined fight.

IN THE JUSTICE COURT

TAKE HIM TO LOS ANGELES

Man Arrested at Apricot Camp
Near Here is to Appear in
Juvenile Court

Jose Avendano Gomez, said to be a Spanish minister, was arrested at an apricot camp near Santa Ana today by Deputy Sheriff Squires and Law, and was placed in the county jail to be held for Los Angeles officers.

Gomez is charged with contributing to the delinquency of minor children. Further than that the officers here know nothing of the charge against him. The warrant was issued out of the juvenile court of Los Angeles.

Wakeham Held
After a preliminary examination this morning Justice Cox ordered that Walter Wakeham be held for trial in the superior court on a charge of grand larceny. His bond was fixed at \$1000.

Charge Cruelty
Francisco and Felipe Lopez and Genaro Ayala, Mexicans, are in jail on a charge of cruelty to a horse rented by them yesterday from the Blue Front Stables. They said they wanted to drive to Orange. Later they were seen near Westminster driving the horse at a fearful rate. They were arrested at Anaheim by Deputy City Marshal German, and were brought here by Deputy Sheriff Squires and Constable Jackson.

Woman is Held
Mrs. Refugio Gallon of Tustin was yesterday bound over to the superior court to answer for selling liquor. She is out on \$300 bail.

CHINA SEEKS U. S. FINANCIAL EXPERT

Has Offered Prof. Jeremiah Jenks of Columbia Position of Finance Adviser to the New Republic

PEKIN, July 18.—Prof. Jeremiah Jenks of Columbia University, and formerly of Cornell, today was offered the position of financial adviser to the Chinese republican government. This shows the desire of the Chinese cabinet to employ expert foreign talent. Other advisers are to be appointed shortly.

It is understood the government intends to borrow from independent sources enough money to pay the dissatisfied troops and then bide its time before resuming negotiations with the international banks representing the United States, Germany, France, Great Britain, Russia and Japan. It probably will be Autumn before this occurs.

AT THE COURTHOUSE

DID NOT KNOW HE WAS LUCKY

Roscoe Tyler Used Epithets
That May Mean Longer
Term in Prison

Roscoe Tyler is worse than the man who looks a gift horse in the mouth or turns upon the hand that fed him. He applied vile epithets to those who treated him with the utmost mercy and consideration. That is the reason for an unusual procedure in the superior court today.

Yesterday Tyler was in the superior court. He pleaded guilty to forgery, and was given a sentence of five years in San Quentin. Judge West had it in mind to give him ten years, but owing to the peculiar nature of the case and the declaration of the young man that he had been induced by ill treatment to go back into crime after he had served a term in prison, Judge West made the sentence but five years.

As Under-Sheriff Squires led Tyler back to the county jail from the courtroom, Tyler bitterly denounced the judge and his attorney, W. W. Simons, who had treated Tyler with every consideration and had made suggestions in the hearing that brought out the phase of the case that undoubtedly caused Judge West to make the term five years instead of ten.

Tyler declared that his attorney had said that if he pleaded guilty he would get but three years. When Judge West learned of this conversation he ordered that Tyler be brought back into the courtroom. This morning at 9:30 o'clock, Tyler denied the conversation. Squires went on the witness stand and gave the statements in detail.

"I order that the judgment rendered yesterday in this case be set aside," said Judge West. "I shall call in another judge to hear your case, and to determine what your sentence shall be. I had it in mind to give you ten years. Your attorney asked me if I would give you three years, and I told him I would not consider three years for a minute."

Attorney Simons then stated that he had never told Tyler the judge would give him three years. In view of the circumstances, he asked to withdraw from the case. Permission was granted.

Tyler withdrew his plea of guilty, entered a plea of not guilty and said he wanted time to get another lawyer, and he said he could get one.

The permission was granted.

"I want to see if there is not some way to keep Squires from knocking me," said Tyler.

"I know Robert Squires far too well to doubt a single statement he has made," said the judge, "particularly as against your word."

Suit on Pipeline
Milton H. Mills and others have brought suit against W. P. Crist of El Modena. The plaintiffs assert their ownership of lots of Earlham cemetery, and state that Crist has placed a pipeline along one side of it. Judgment for property rights is at issue. Clyde Bishop is attorney for the plaintiffs.

Sues His Partner
M. E. Diebold has brought suit against H. Romer for \$238.72, which amount Diebold alleges is due him under a partnership under which the H. Romer & Co. store of Tustin was conducted from October, 1909, to a year ago. Diebold asserts a one-third interest in the store. Clyde Bishop is his attorney.

Tarver Appointed
Attorney B. E. Tarver was today appointed to defend John P. Verdugo, charged with stealing a horse from Bert Ryssman of Anaheim on May 16.

COTTON ACREAGE IS LESS
Government Report Shows But 93 Per Cent of Usual Acreage Planted This Year

WASHINGTON, July 18.—An estimate made yesterday by the crop report from the board of the Department of Agriculture places the number of acres of cotton in cultivation this year in the United States at about 93 per cent of the area planted to cotton last year, equivalent to about 34,997,000 acres, as compared with 36,681,000 acres indicated by revised estimates of last year, a decrease of about 2,584,000 acres, or 7 per cent.

Condition of growing crop on June 25 was 80.4 per cent of normal, as compared with 78.9 on May 25, 1912; 88.2 on June 25, 1911, and 80.7, the average condition for the last ten years, on June 25.

Committee Issues Statement in Favor of Bonds

To the Voters of Orange County—At a meeting of the directors of the Santa Ana Chamber of Commerce on July 17th, the matter came up of voting for the proposed issue of bonds in the amount of \$50,000 for the purpose of providing a poor farm and hospital for Orange county and \$100,000 to provide a fund to build the necessary bridges to meet the requirements of the State Highway Commissioners. The requirements include that the county through which the highway passes must agree (which has been done through our Board of Supervisors) to build the bridges such as are required and where needed along the route of the state highway through that county. So these bridges must be built if we are to have the benefit of any of the state highway.

Realizing the importance of this proposed bond issue and realizing also that Saturday of this week is the day on which this question is to be voted upon, and fearing that many of those interested would neglect to vote, the Chamber of Commerce passed a resolution heartily endorsing the proposed bond issue and asking that all public spirited citizens throughout the county do not only a little, but a good deal of personal work in the interests of these bonds and use every effort to see that they carry by a good majority, and have asked that this matter be made public through its committee. We understand that there is an effort made by a few citizens of the county to defeat these issues, and as it is generally understood that all who are opposed to these measures will turn out and vote against it, it behooves all who are in favor of Orange County making permanent improvements and laying foundations for future growth—which is sure to come to us if we do our part—to get out and work for the

successful carrying of these bonds.

Chairman of the Board of Supervisors Talbert in his public letter to the taxpayers of Orange County, under date of July 5th, gives us a very good reason why we should provide this fund by bond issue rather than allowing it to be provided by the more strenuous methods of direct taxing, and puts it up to the voters squarely that it is a foregone conclusion that this money must be raised at this time, and it will be, either by direct taxation or by the bond issue. Hence it will be wise for all of us to work for the carrying of these bonds and have the expense divided over a period of twenty years rather than to have to meet it by the direct tax method.

A poor farm and hospital properly managed should be self-sustaining in a few years, and instead of the system being a constant drain upon our taxpayers from year to year, (with the prospect of the expenses growing larger for its maintenance) it would be put on a self-sustaining basis. All who are acquainted with land values realize fully that we never will be able to secure a suitable location for the poor farm and hospital at a more reasonable figure than we can at the present time. The advance on real estate values alone on a properly located county farm if purchased ten years ago would have made a handsome profit to the county and we have all reason to believe that there will be as much growth in the next five or ten years as there has been in the past like period. So do not go to sleep on the job but get out early and vote for the bonds and see that your friends do likewise.

W. A. ZIMMERMAN,
L. J. CARDEN,
LINN SHAW,
Committee of the Chamber of Commerce.

OLDER'S STORY IS NOT SHAKEN TODAY

Believed Darrow Trial May
Drag on Until August or
September

LOS ANGELES, July 18.—Fremont Older, editor of the San Francisco Bulletin, was re-called to the stand in the Darrow trial today for cross-examination. The prosecution failed to alter the story he told yesterday. John R. Harrington followed Older. He denied telling a reporter of a Los Angeles morning paper that Darrow was innocent of complicity in jury bribery.

Yesterday's hope of ending the trial late in July is almost gone. It is feared it will extend far into August or September.

BOOK 364 YEARS OLD FOUND IN SAN JOSE

SAN JOSE, July 18.—What is believed to be one of the oldest books in the world was found among a number of relics by Dave Rinaldo, a retired merchant of this city, when he discovered a Hebrew prayer book printed in 1548.

The book is printed on parchment and is in perfect condition, notwithstanding it is over 364 years old. The Hebrew characters used at that time are the same as those of today. Rinaldo says, and he can read the book as well as he can the most modern Hebrew writings. The book was brought from Venice by Rinaldo's brother.

BERGER SCORES THREE PARTIES

Raps Them All With Socialistic Vehemence—They All Look Alike to Him

WASHINGTON, July 18.—Congressman Berger, Socialist, in the House vigorously denounced both old parties and scored the Roosevelt faction. He said:

"The capitalists are willing to deal with both Democrats and Republicans, the latter conservative and the former reactionary. One glance at the honest 'progressives' who are setting out to purify politics, demonstrates that Robin Hood's famous assemblage of outlaws had nothing on the gang rallying around Roosevelt. Wilson's election would perpetuate the bosses' power, and inaugurate another era of prosperity for men like Ryan and Belmont. It is unnecessary to explain where Taft stands. It is natural that a man of his type should be allied with Hammond and Guggenheim."

JUDGE WRIGHT REFUSES TO SENTENCE MITCHELL

WASHINGTON, July 18.—Justice Wright, in the district supreme court yesterday, refused to sentence John Mitchell, vice president of the American Federation of Labor, because Mr. Mitchell's agreement to be sentenced in his absence was not in the form desired by the court. Mr. Mitchell's lawyers were ordered to prepare a new statement as outlined by Justice Wright and present it within the next week.
